Acceleration 0-60 mph: 3.6 seconds  
Top Speed: 205mph

##### Dimensions

Wheelbase: 108.3 inches  
Length: 183.7 inches  
Curb Weight: 3,722 lbs.

##### Brakes & Suspension

Brakes: Ceramic

#### DOSSIER NO.017

## Ferrari 599 GTB

As a piece of automotive engineering, the 599 is crushingly brilliant. Even at normal speeds on normal roads you know that you're in a thoroughbred. You can feel it straining. You can hear it working. You know that if by some miracle you are presented with a piece of road which is wide and open and free from Hondas and speed cameras, it would deliver a hammer blow large enough to knock down the doors of Fort Knox.
