Length: 156 inches
Curb Weight: 2,550 lbs.

Brakes & Suspension

Brakes F-R: Solid disc
Tires F-R: 235/60 R15 - 295/50R
Suspension: Independent coil spring & dampers

DOSSIER NO.007

Shelby Cobra 427 S/C

No introduction necessary. With its lithe frame and a V-8 engine that knocks out an impressive 565 horsepower, the Shelby Cobra has reigned as the preeminent—and certainly most recognizable—big-block sports car for more than four decades. Designed by the legendary Carroll Shelby, the Cobra is an inimitable blend of curvaceous European design and a powerhouse American engine. The ultimate high-power sports car, it barrels down the roadway with a force that leaves no doubt as to its storied history on racetracks here and abroad.

To schedule curbside delivery of a car in the Vulcan Motor Club Collection, please contact us at (908) 879-7777 or info@vulcanmotors.com.
